Kitchen Sink Warranty Guide

Building Supplies PTY. LTD. T/A Poseidon Bathroom and Kitchen will supply supportive after sale services to our merchants and end users.

It is the responsibility of you and installer before installation to ensure the goods are correct and free of obvious visible faults. The sink needs to be tested for water leaking before joining waste pipes.

Any approved warranty claims will include first year labor. Warranty policies for kitchen sinks are set out as below:

Warranty Policies for Domestic Use:

15 Years Replacement on Stainless steel Kitchen Sink

10 Years Replacement on Ceramic & Quartz Kitchen Sink

1 Year Replacement on Parts and labour

Warranty Policies for Commercial or Public Use:

7 Years Replacement on Stainless Steel Kitchen Sink

5 Years Replacement on Ceramic & Quartz Kitchen Sink

1 Year Replacement on Parts and Labour

All Warranty claims must be in writing to Service@poseidonbk.com.au and may require photos if requested, along with proof of purchase.

Poseidon Bathroom and Kitchen will not accept claims against this warranty where the following conditions are found to exist:

- Plumbing installations have not been carried out by a licensed plumber, and/or are not in accordance with the Plumbing Code of Australia AS3500 and ABCB guidelines.
- The goods have been installed by a licensed Plumber but not installed properly.
- The goods have been installed correctly by a licensed Plumber, however subsequent repairs, modifications and/or adjustments to the goods after installation have not been carried out by a licensed plumber.
- Claims for scratches, dents and deformations caused by the impact object to product surfaces may be rejected where harsh cleaning or scouring products have been used.

Site Calls

Poseidon Bathroom and Kitchen has arranged a site-call, and a claim is rejected following inspection (often in the case of unlicensed or incorrect installation), the consumer will be charged a call-out fee of \$120+GST, plus \$75.00 per hour labour charge, payable to Poseidon Bathroom and Kitchen.

Water Damage

Some claims may include a claim for rectification of water damage to surrounding areas as a result of leaking from a product. Such claims will require a site-call Poseidon Bathroom and Kitchen representative who will evaluate the claim. A further inspection by an insurance representative may also be required before a claim can be determined.

Warranty Limitations

To the extent permitted under the Australian Consumer Law, and other relevant legislation, it is the responsibility of you and installer before installation to ensure the goods are correct and free of obvious visible faults. Poseidon Bathroom and Kitchen's liability is limited in the following circumstances:

- Poseidon Bathroom and Kitchen are not responsible for any lack of operation or performance of goods (or any loss or damage) where the goods have been subject to misuse, negligence, accident or are used or adapted for a purpose for which they were not designed.
- Poseidon Bathroom and Kitchen are not responsible for the labor and rectification costs incurred in the above circumstance.

Except as expressly stated, and to the extent permitted by law, this warranty does not include any right to be reimbursed or compensated for physical or financial injury, loss, damage, expense, time or inconvenience (whether direct or indirect) or special losses arising out of the occurrence of a defect in the parts or products or caused by use or installation of the products or damages caused by acts of nature.

QUARTZ

HIGHLY RESISTANT

Quartz sinkware is designed to last, incredibly durable and is heat, scratch and stain resistant — ensuring it looks good for many years.

QUIETER

Quartz sinks have natural soundproofing capabilities that make them much quieter than stainless steel and other materials. Every sound you made in the sink will all be significantly reduced.

MODERN DESIGN

One of the biggest pros of quartz sinks is simply how stylish they are. These sinks can be a focal point of your kitchen with their clean, modern design.

HYGIENIC

Being smooth and nonporous, quartz has bacteria and odour resistant properties. It's the ideal material for a kitchen sink.

QUARTZ

Care Instructions

1. Clean Regularly

Wipe down the sink with a soft cloth and mild detergent after each use to prevent stains and buildup of food particles. Avoid using abrasive cleaners or scrubbers that can scratch the surface.

3. Avoid harsh chemicals

Avoid using bleach, ammonia, or acidic cleaners that can damage the surface of the sink. If necessary, use a cleaner specifically formulated for quartz surfaces.

5. Prevent scratches

Avoid using sharp objects on the sink's surface, including knives and metal utensils. Always use a cutting board when chopping food.

2. Remove Stains

For tough stains, use a non-abrasive cleaner and a soft-bristled brush to gently scrub the area. Rinse thoroughly with water and dry with a clean cloth.

4. Protect from heat

Quartz sinks are resistant to heat, but it's still recommended to use a trivet or hot pad under hot pans or dishes to avoid direct contact with the sink's surface.

4. Maintain the sealant

If your quartz sink has a sealant, periodically check to ensure it's still in good condition. If it's worn or damaged, reseal the sink to prevent water damage.

Luster Pro cleaning oil available from your local dealer or online at *Amazon.com*, is a specially formulated oil-based cleaning solution. It is perfect for giving your quartz sink that extra shine and sparkle when needed. After thoroughly cleaning and drying, place a small amount in the bowl and wipe all over the surface of the sink with a cloth.

Quartz Farmhouse Kitchen Sink

The Farmhouse sink is made from German with natural quartz crystals and acylic resins. It features a solid surface which are interchangeable to suit on any kitchen theme. The Farmhouse sink is designed to withstand heavy use and is available in Matte Black, Matte Grey and Pure White.

Caring Tips

- Always wipe the sink down with warm soapy water and a cloth. This will remove general everyday stains from your sink. A ceramic sink rubber will clear most marks, we recommend these are used with washing up liquid.

- In hard water areas limescale deposits can build up on the sink over time. The limescale can become strongly coloured by such foods as coffee and red wine etc., we recommend the use of lemon juice or vinegar to remove this. Simply apply, leave for a few minutes and rinse away with water.

- If stains become ingrained in the bowl, an overnight soak using diluted biological washing powder should remove the marks easily. Ensure you thoroughly rinse the sink with water afterwards.
