## Vanity Warranty Guide

Poseidon Building Supplies PTY. LTD. T/A Poseidon Bathroom and Kitchen will supply supportive after sale services to our merchants and end users.

**It is the responsibility of you and installer before installation to ensure the goods are correct and free of obvious visible faults. The vanity tops need to be tested on water leaking before full installation.**

Any approved warranty claims will include first year labor. Warranty policies for vanity are set out as below:

Warranty Policies for **Domestic Use:**

- 5 Years Replacement on PVC cabinet
- 1 Year Replacement on MDF Cabinet
- 3 Years Replacement on Legs and Runners
- 1 Year Replacement on Parts of Shaving Cabinet
- 5 Years Replacement on Parts of Laundry Tubs

Warranty Policies for **Commercial or Public Use:**

- 3 Years Replacement on PVC cabinet
- 1 Year Replacement on MDF Cabinet
- 1 Year Replacement on Legs and Runners
- 1 Year Replacement on Parts of Shaving Cabinet
- 1 Year Replacement on Parts of Laundry Tubs

All Warranty claims must be in writing to [Service@poseidonbk.com.au](mailto:Service@poseidonbk.com.au) and may require photos if requested, along with proof of purchase.

Poseidon Bathroom and Kitchen will not accept claims against this warranty where the following conditions are found to exist:

- Plumbing installations have not been carried out by a licensed plumber, and/or are not in accordance with the Plumbing Code of Australia AS3500 and ABCB guidelines.
- The goods have been installed by a licensed Plumber but not installed properly.
- The goods have been installed correctly by a licensed Plumber, however subsequent repairs, modifications and/or adjustments to the goods after installation have not been carried out by a licensed plumber.
- Claims for visual defects to product surfaces may be rejected where harsh cleaning or scouring products have been used.
- Claims against water damages on MDF vanities due to excess water leaving on the surface, leaking tap wares or pipes.

### Site Calls

Poseidon Bathroom and Kitchen has arranged a site-call, and a claim is rejected following inspection (often in the case of unlicensed or incorrect installation), the consumer will be charged a call-out fee of \$120+GST, plus \$75.00 per hour payable to Poseidon Bathroom and Kitchen.

### Water Damage

Some claims may include a claim for rectification of water damage to surrounding areas as a result of leaking from a product. Such claims will require a site-call by a Poseidon Bathroom and Kitchen representative who will evaluate the claim. A further inspection by an insurance representative may also be required before a claim can be determined.

### Warranty Limitations

To the extent permitted under the Australian Consumer Law, and other relevant legislation, it is the responsibility of you and installer before installation to ensure the goods are correct and free of obvious visible faults. Poseidon Bathroom and

- Poseidon Bathroom and Kitchen are not responsible for any lack of operation or performance of goods (or any loss or damage) where the goods have been subject to misuse, negligence, accident or are used or adapted for a purpose for which they were not designed.
- Poseidon Bathroom and Kitchen are not responsible for the labor and rectification costs incurred in the above circumstance.

Kitchen's liability is limited in the following circumstances:

Except as expressly stated, and to the extent permitted by law, this warranty does not include any right to be reimbursed or compensated for physical or financial injury, loss, damage, expense, time or inconvenience (whether direct or indirect) or special losses arising out of the occurrence of a defect in the parts or products or caused by use or installation of the products or damages caused by acts of nature.

## WIDE SELECTION OF PRODUCTS

Poseidon's wide selection of single and double vanities ensures that customers will almost certainly find something that fits. With vanity tops also available in several materials including ceramic, stone, poly or even cabinet only option.

## OVER 20 YEARS OF EXPERT INDUSTRY EXPERIENCE

With a team comprises of experienced craftsman, sales representatives and customer service staff, you can trust in our quality products and service.

## INDUSTRY LEADING WARRANTIES

We are dedicated to delivering high-quality, long-lasting products that will last for a long time. To provide you peace of mind, we offer industry-leading warranties on our products.

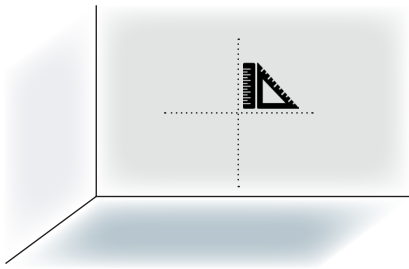

## MADE USING BEST ENVIRONMENTAL MATERIAL

PVC requires less energy and fewer resources to manufacture than old-technology materials, and its production creates virtually no waste. It is also a durable material that's resistant to weathering and chemicals, which is why it's so often used in building and construction.

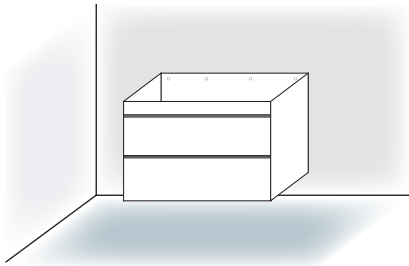

# VANITY

## Installation Guide

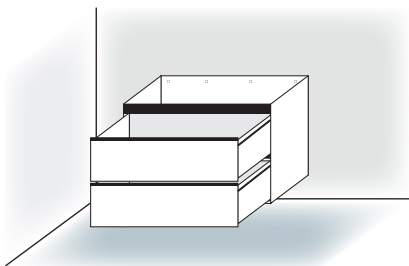

### 1. Ensure Wall is Flat & Plumb

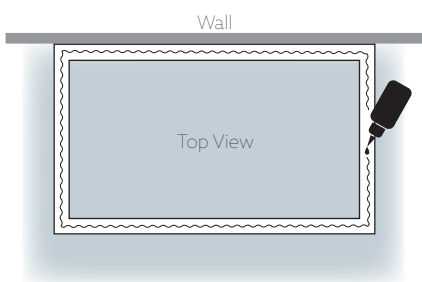

### 2. Fix Your Cabinet

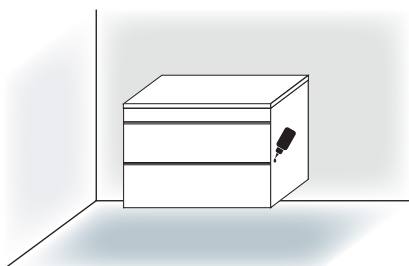

### 3. Adjust the Doors & Drawers

### 4. Fix Vanity Top / Basin

### 5. Seal Cabinet

### 6. Something Still Not Right ?

If you have a problem - and have carefully checked all the steps above to ensure it has been done right - give us a call. We'll be glad to help. To make it easy for us, please email with some photos of the problem to [service@poseidonbk.com.au](mailto:service@poseidonbk.com.au).

Before starting the installation, make sure you have all the necessary tools and materials. Clear the area where you will install the vanity, and make sure the floor and walls are clean and level. If you're installing a wall hung vanity, locate the studs in the wall where you plan to attach it.

To install a vanity, assemble and secure a floor-mounted cabinet with screws or brackets, or attach a wall-mounted bracket to the studs and then to the vanity. Attach plumbing fixtures following the manufacturer's instructions, including the sink and faucet, and use plumber's tape or sealant as necessary.

After installation every cabinet will need some adjustment as the doors and drawers move during transport and installation. The cabinet must be level before adjustments are made. It is the responsibility of the installer to ensure these adjustments are done correctly.

For vanities, fit the top to the cabinet using a thin continuous bead of non-acidic silicone on all four edges. Position the top so it has equal overhang on each side, ensuring the top surface is level. For separate Basin, position in place and fully seal the basin to the top using a continuous bead of silicone.

Seal all cabinet edges/gap against floor and wall to prevent water penetration.

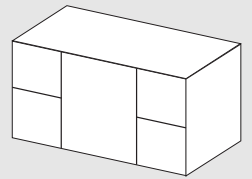

We recommend that the wastes be tightened by hand only, and then silicone sealed to prevent stress and damage to the basin or top.

# CREATE YOUR OWN VANITY

Create your vanity by selecting from our interchangeable range of vanity tops, cabinets, shaving cabinets and mirrors. In this brochure, you will easily find the right one for you.

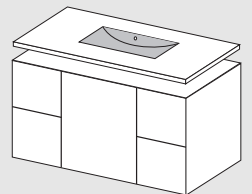

## 1 Select your CABINET

Over 13 styles of cabinets available
